**Technical comments:**<sup>3</sup>

As presented in the bill, the chemical name is incomplete, and the CAS number is incorrect. The proposed article description should read as follows:

“9,10-Anthracenedione, 2-pentyl- (CAS No. 13936-21-5) (provided for in subheading 2914.69.90 or 3824.90.28)”.

---

<sup>3</sup> The Commission may express an opinion on the HTS classification of a product to facilitate consideration of the bill. However, by law, only the U.S. Customs Service is authorized to issue a binding ruling on this matter. The Commission believes that the U.S. Customs Service should be consulted prior to enactment of the bill.
